New Gift and Retail Display Ideas

A whole array of new ideas is brought together in the GRD Supplies 2008 catalogue from UK Industrial Tapes.

The range is designed to give retailers the opportunity to buy packaging and display products in quantities to suit their needs instead of having to invest in huge quantities to enable them to buy at the right price. The company has selected a broad range to suit many needs.

They are offering Crystal Clear Polypropylene Bags in many sizes and types which can be used for displaying and selling items such as cards, small products, assorted materials and gifts. A range of clam packs make attractive point of sale displays for products especially those that need to be displayed at eye level.

GRD Supplies also offers Jewelry Gift Boxes in high quality leatherette, velour and lavanga – a soft touch media that adds a luxurious feel to the packaging. Available in single and bulk quantities they are ideal for small jewelers and for internet sales of jewelry.

They also offer many different packaging tapes, bags, postal tubes as well as wrapping papers and general purpose adhesives and tapes.
