Sprint Finishing

UK Industrial Tapes Ltd offers Hand Print Finishers a range of adhesive tapes and products that will help increase their efficiency and improve workflow.

Their range of Adhesive Transfer Gun (ATG) adhesive tape applicators offers a touch of a finger quick and controlled application of a neat strip of pressure sensitive adhesive. There is no mess or clean-up required.

The system offers versatility, convenience and speed. That's what you get with UK Industrial Tapes ATG adhesive system for assembly operations in the printing industry. The range of different tape materials available readily bond, join, mount, or laminate materials such as paper, plastics, metal, foam and more.

Advanced acrylic adhesive tapes bond on contact and are formulated with a choice of properties such as high temperature resistance, differential tack, adhesion to low surface energy plastic and more.
