SIGN MAKERS BONDING TAPES

Our range of Sign Makers Bonding Tapes consist of our ProLINK Range and our 122 Range. Both tapes are designed for demanding applications to provide ultimate performance for sign makers in the signage application.

Ultra High Performance

ProLINK Range

The ProLINK Range is the ultimate bonding tape, ideal for use on powder coated and painted aluminium to dibond and heavy weight loading applications (please speak to our Technical Team for product specification), we also recommend the use of our PrimeLINK RS alongside the use of our ProLINK range. Our Prime LINK RS is an adhesion activator (cleaner & activator in one) for a large number of different surfaces. Once applied it will clean the surface, it also alters the surface to make it more receptive to our adhesive tape systems.

Prime LINK RS is particularly recommended for use with the following hard to adhere to surfaces: Aluminium, polished and unpolished stainless steel, painted, zinc plated and chrome plated steel, Plastics: polyamide, polycarbonate, ABS etc & Powder coated substrates.

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry. Our **application guide** can be found on our webpage www.ukindustrialtapes.co.uk

Product	Product Specification	Widths Available	Thickness	Meterage	Colour	Release Liner
ProLINK 1000R	Clear Pure Acrylic Tape	6mm up to 580mm	1mm	25m	Clear	Blue Filmic
ProLINK 1500R	Clear Pure Acrylic Tape	6mm up to 580mm	1.5mm	16.5m	Clear	Blue Filmic

High Performance

122 Range

Our most popular Sign Makers Bonding Tape, the 122 Range provides a number of thicknesses to suit all applications. The 122 Range will give a ultimate bond to many surfaces used within the sign & graphics industry such as: PVC, polycarbonates, stainless steel, aluminium and a wide variety of plastics.

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry. Our **application guide** can be found on our webpage www.ukindustrialtapes.co.uk

Product	Product Specification	Widths Available	Thickness	Meterage	Colour	Release Liner
1220	Clear Pure Acrylic Tape	6mm up to 780mm	0.25mm	33m	Clear	White Paper
1221	Clear Pure Acrylic Tape	6mm up to 780mm	0.5mm	33m	Clear	Blue Filmic
1222	Clear Pure Acrylic Tape	6mm up to 780mm	1mm	33m	Clear	Blue Filmic
1223	Clear Pure Acrylic Tape	6mm up to 780mm	1.5mm	16.5m	Clear	Blue Filmic
1224	Clear Pure Acrylic Tape	6mm up to 780mm	2mm	16.5m	Clear	Blue Filmic
1212	Clear Pure Acrylic Tape	6mm up to 780mm	1mm	33m	Clear	Red Filmic
1213	Grey Foamed Acrylic Tape	6mm up to 780mm	1.2mm	33m	Grey	Red Filmic

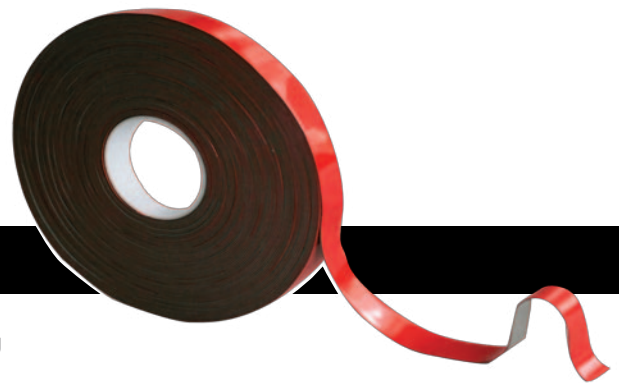

SIGN CHANNEL TAPE

Our 1213 Sign Channel Tape is the perfect tape for bonding and fixing channels on your signage. The 1213 will provide an ultimate bond to your channel system and offer excellent UV and temperature resistance making it ideal for this demanding outdoor application.

Sign Channel Tape

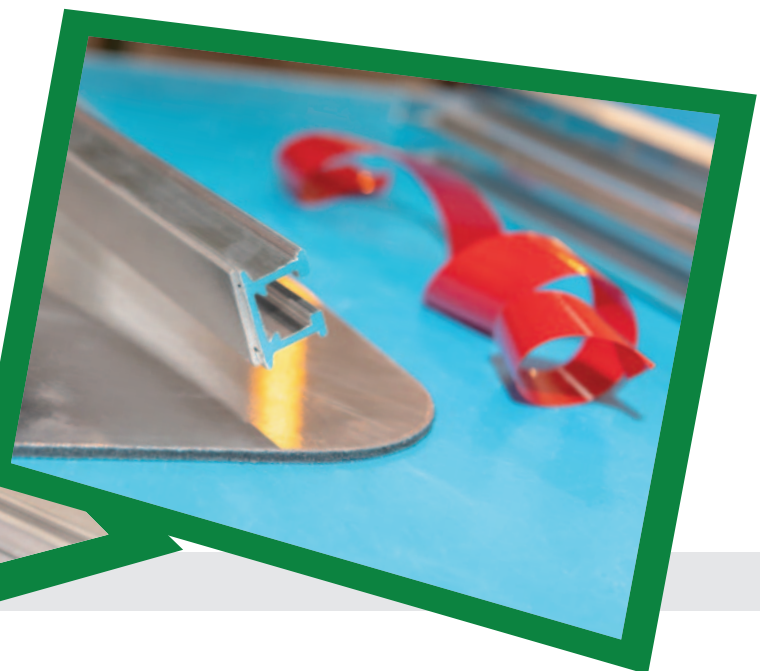

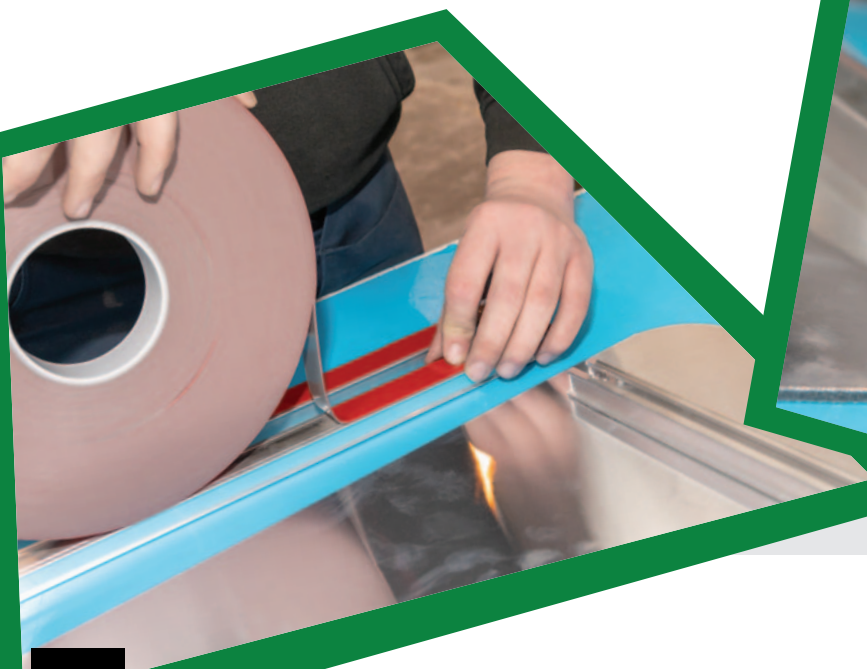

1213 Tape

Our 1213 sign channel tape is the perfect tape for bonding and fixing channels on your signage.

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry. Our **application guide** can be found on our webpage www.ukindustrialtapes.co.uk

Product	Product Specification	Widths Available	Thickness	Meterage	Colour	Release Liner
1213	Grey Foamed Acrylic	6mm up to 780mm	1.2mm	33m	Grey	Red Filmic

SIGN MAKERS FOAM TAPE

We offer 2 grades of Foam Tape within our range to ensure we provide the correct performance grade for all signage applications.

Ultra High Performance

FoamLINK Range

Our FoamLINK Range is our ultra high performance sign makers foam tape, it comes in 1mm, 1.6mm & 3mm thick and the high performance modified acrylic adhesive provides the ability to bond difficult and dissimilar substrates and surfaces, including metals, ceramics, many plastics and even painted, lacquered or powder coated finishes. High initial tack and high shear characteristics of the FoamLINK Range allow it to be used indoor and outdoor, making it the ultimate Sign Makers Foam Tape.

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry. Our **application guide** can be found on our webpage www.ukindustrialtapes.co.uk

Product	Product Specification	Widths Available	Thickness	Meterage	Colour	Release Liner
FoamLINK 1103H+	PE Foam Tape with a modified acrylic adhesive	6mm up to 1450mm	1mm	50m	Black or White	Amber Paper
FoamLINK 1603H+	PE Foam Tape with a modified acrylic adhesive	6mm up to 1250mm	1.6mm	46m	Black or White	Amber Paper or Blue Filmic
FoamLINK 3003H+	PE Foam Tape with a modified acrylic adhesive	6mm up to 1250mm	3mm	26m	Black	Amber Paper

High Performance

33 Range

Our 33 range is our most popular Sign Makers Foam Tape, available in 1mm and 1.6mm thick, the PE foam provides an extremely high tack acrylic adhesive, making it ideal to bond to surfaces such as plastics, metal, aluminium (not diabond), ceramic and even powder coated surfaces (however the FoamLINK would be our recommendation for powder coated surfaces).

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry. Our **application guide** can be found on our webpage www.ukindustrialtapes.co.uk

Product	Product Specification	Widths Available	Thickness	Meterage	Colour	Release Liner
331	PE Foam Tape with a solvent acrylic adhesive	6mm up to 1250mm	1mm	50m	Black or White	Amber Paper
3316	PE Foam Tape with a solvent acrylic adhesive	6mm up to 1250mm	1.6mm	46m	Black or White	Amber Paper

BANNER TAPES & INDOOR SIGNAGE TAPES

We offer the ultimate range of Banner Tapes and Indoor Signage Tapes, all specifically designed for each application to ensure we provide the ultimate performing tape for your banners or indoor signage

Banner Tape & Indoor Signage Tapes

422, 423, 813, 814

Our Banner Tape range consists of our 422, 423 and 813. Our 422 and 423 are the same product, however the 423 is produced on a white paper liner rather than a red filmic on the 422, the 422 then offers a cost effective option if the liner is not of preference. Both products are ideal for banner hemming to provide an ultimate performing Banner Tape.

Our 814 is ideal for bonding indoor lightweight signage, the high tack acrylic adhesive makes it ideal for bonding most surfaces such as cardboard, plastics, metals and many more materials which may be used for indoor lightweight signage.

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry. Our **application guide** can be found on our webpage www.ukindustrialtapes.co.uk

Product	Product Specification	Widths Available	Thickness	Meterage	Colour	Release Liner
422	Clear polyester tape	6mm up to 650mm	160 micron	50m	Clear	Red Filmic
423	Clear polyester tape	6mm up to 650mm	160 micron	50m	Clear	White Paper
813	Clear polyprop tape	6mm up to 650mm	130 micron	50m	Clear	Red Filmic
814	Clear polyester tape	6mm up to 1220mm	230 micron	50m	Clear	Amber Paper

SIGN MAKERS GLUES & ADHESIVES

We offer alongside our vast range of high performance tapes, a range of tested and approved sign makers glues & adhesives. Our extensive range of structural adhesives, glues, adhesive and sealants all provide specific performance characteristics to provide an ultimate bond onto your specific sign surfaces, along with specific open time, handling strength and temperature resistances to suit all demanding applications.

Our Sales Account Executives can assist to specify the correct structural adhesive, glue or adhesive / sealant for your application.

We offer a range of;

Range	Product	Colour
UKITSMSA Range	Structural adhesive	Clear, Pink & Green, Black
UKITSMHPG Range	Glue	Clear
UKITSMAS Range	Adhesive / Sealant	Clear
UKITSMAG Gun Range	Applicator Gun	
UKITSMMN Range	Mixing Nozzle	

SURFACE PREPARATION PRODUCTS

We offer a range of surface preparation products which are to be used alongside the use of our Sign Makers Tapes. The correct initial preparation of the surface the adhesive tape is bonding to is key to ensure the tape can perform and create the ultimate bond over time. Therefore we supply the below range to suit certain applications and substrates.

GUKITISOPROP

Isopropanol cleaner

We offer our Isopropanol Cleaner which will assist the preparation and cleaning of the surface before application.

PRIMELINK RS

Cleaner and Activator in one

Our PrimeLINK RS is an adhesion activator (cleaner & activator in one) for a large number of different surfaces. Once applied, it will clean the surface and also alter the surface to make it more receptive to our adhesive tape systems.

GUKITROLLER

Adhesive Tape Pressure Roller

This adhesive tape roller allows our tapes to bond onto the surface they are being applied to. All our sign makers tapes are PSA (pressure sensitive adhesives), so pressure is needed to allow the tape to create its ultimate bond in application

Refer to our **application guide** when using our range of adhesive tapes for the applications within the sign industry

Product	Colour	Size
GUKITISOPROP1L	Isopropanol cleaner	1 ltr bottle
PRIMELINKRS250ML	Cleaner and Activator in one	250 ml tin
GUKITROLLER	Adhesive Tape Pressure Roller	n/a
