supplier of display
& accessory
products to the
Point of Sale
Market in the UK
and Europe

INVESTORS
IN PEOPLE

Welcome

POS Tapes is a leading manufacturer & supplier of plastic & adhesive products to the point of sale market.

Priding ourselves on high product quality combined with excellent customer service to offer a reliable and innovative supply. With our vast range of double sided tapes, adhesives and plastic display products, we strive to offer the ultimate solution for all your POS application requirements.

We hope our Edition 5 brochure provides a solution for your needs, however If you would like further information or do not see the specific product you require, contact our sales account executives who will assist you right away.

POS Tapes is a trading division of UK Industrial Tapes Ltd.

UK Industrial Tapes are a leading Manufacturer, Converter and Supplier of High Performance Adhesive Tapes & Adhesive Products

About us

Mission Statement

Investment and development in product quality, production capability and customer service are at the forefront of the POS Tapes mind-set to ensure we provide our customers with the finest level of service and ensure a solution for all applications.

Our organisation

High product quality combined with excellent customer service is what we pride ourselves upon, this reflects in our continued message which runs through our organisation "Customers are the heartbeat of our business".

Continual quality

Development and innovation is a major priority for us, currently holding ISO 9001, Investors In People, member within Made in Britain, avid recycler in which we work alongside Aim To Recycle and The Woodland Trust and continual investment within our staff to ensure we provide the ultimate product, technical & service training.

INVESTORS
IN PEOPLE

Production and facilities

From our 40,000 square foot production and warehousing HQ in Newcastle Upon Tyne, we are constantly investing to ensuring our ability to offer a superior supply of high performance tapes & products.

Our current facilities include;

- Automated high precision adhesive tape laif slitting machines
- Automated rotary die cutting converting machines
- Adhesive Tape log Re-wind machines
- Slit and rewind machine
- Bobbin winding machine
- Automated shrink and labelling lines
- Plastic inject moulding machines
- Contract packing department

Stock, Dispatch & Delivery:

A mass stock holding of over 500+ product lines and sizes held for express delivery across the UK, Europe. We also despatch our products worldwide. All to ensure we provide the ultimate and effective customer service.

Environmentally Friendly

We strive to be the **greenest** company possible

We have now diverted 50 tons of material from going into landfill & saved over 18 trees in 2019 by recycling our waste in conjunction with Aim To Recycle and The Woodland Trust. We plan to increase this in the coming years to help reduce the growing issue of carbon emissions.

All our Hang Tabs and Wobblers are manufactured using an environmentally friendly APET plastic and within the production process of our Adhesive Tapes (on 80% of our lines) we use our unique UV-cured technology to produce high-performance, solvent-free, environmentally-friendly PSA Adhesive Tape solutions.

Eco Friendly Range

in partnership with

Here at POS Tapes we are fully committed to eco friendly biodegradable* plastic products so we are very excited to be working with BDP™ to bring you our new Eco Friendly Range.

Our Eco Friendly Range:

- Self-adhesive Hang Tabs and Wobblers
- OPP Bags
- Self-adhesive Gift Discs
- Injection Moulded Products

The BDP™ Story

It's everywhere we look... in our oceans, our rivers, our lakes, our landfills... even our food. Plastic is a great invention that improves many areas of our lives yet when we are done with it, it sticks around for a long time. We try to recycle it but very few plastics are recyclable and most end up in landfills or our oceans. And with the whole world outraged at the plastic waste epidemic, we knew that something needed to be done. We knew we had to change plastic for good.

What would happen if someone developed an ingredient for plastic that could address plastic waste before it got to market? An ingredient that would be added during the manufacturing process that would enhance biodegradation after the plastic was used and discarded? This kind of technology could seriously lessen the impact of plastic in our oceans and landfills if microbes could simply eat it. Because plastic is so durable, it takes microbes centuries to break it down in our environment. A technology that could not only shorten this time frame, but also create a food source for bacteria, leaving behind only natural remnants, would not only be effective but necessary.

The Science:

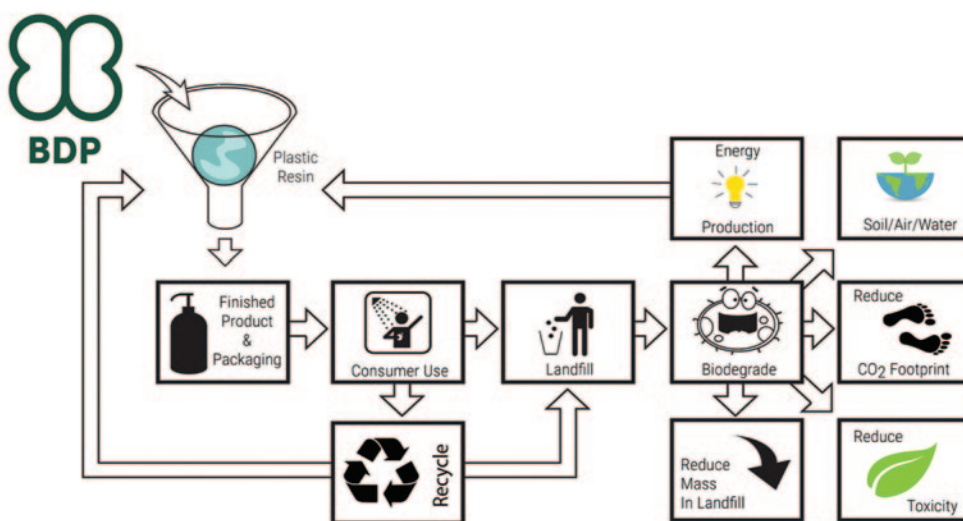

Change Plastic for Good® offers a range of biodegradation-enhancing polymers and minerals based resins that apply to a specific end-of-life scenario for plastic, rubber, foam, fabric and coated paper waste.

BDP™ is an organic biodegradation-enhancing ingredient that is added into plastic during manufacturing. Once the treated products enter landfills, soil and oceans, it attracts microbes to consume the plastic over time..

In Short:

Ingredients in BDP™ accelerate the biodegradation of otherwise non-biodegradable plastics by providing a foothold for colonies of microorganisms. This foothold allows the microorganisms to begin metabolizing the treated plastics.

BDP™ can be used in most plastics, synthetic fabric and yarn, rubber and foam

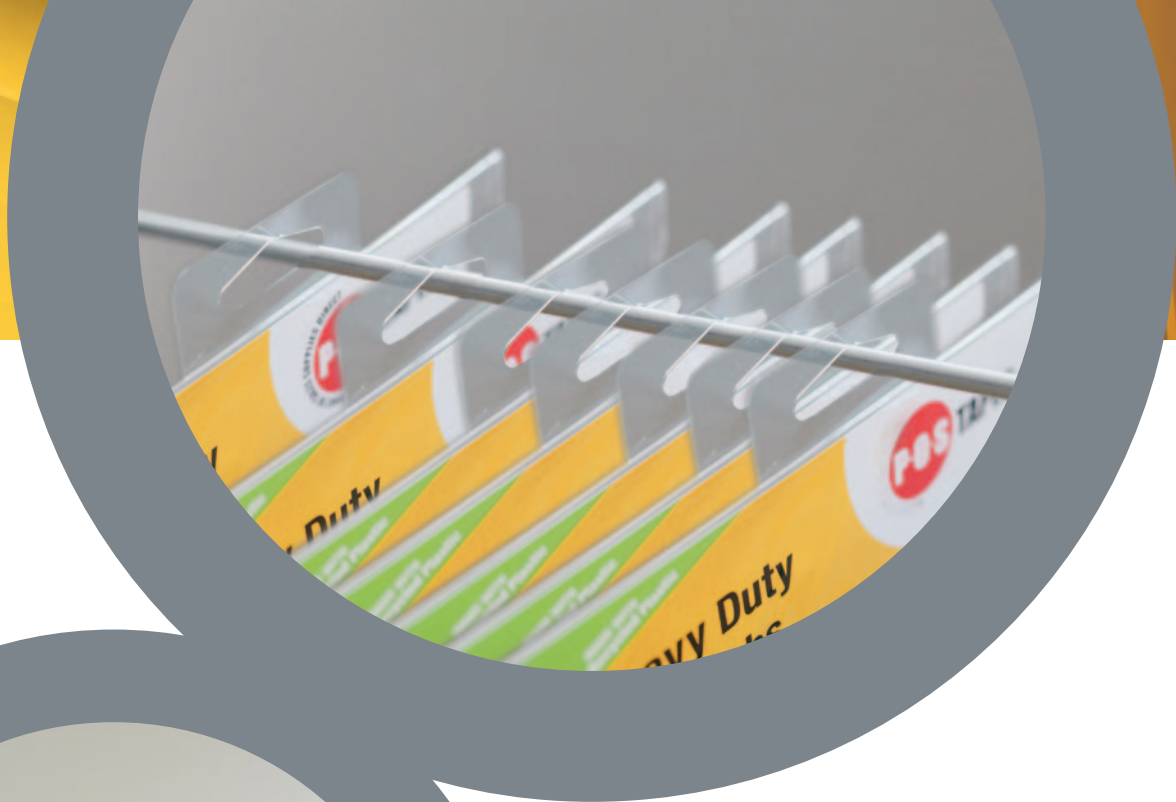

Tested via ASTM D5511
by Intertek.

Hang Tabs

As one of the leading manufactures of Hang Tabs worldwide, POS Tapes offer an extensive range of styles with every product manufactured by us. Over the last 15 years we have developed and expanded our range and now offer one of the UK's largest ranges of Hang Tabs.

We pride ourselves on high product quality at competitive pricing, along with extremely good customer service, all to ensure you receive the very best hang tab available.

As manufactures we have the capacity to product any specific style you require, so if you can't find a product you need please contact us, we welcome the challenge to create that complex and bespoke product for you.

Hang Tab Ranges:

- Rigid Hang Tabs
- Rigid Hang Tab Hooks
- Heavy Duty Hang Tabs
- Flexitail Hang Tabs
- Hang Tab Books
- Thickness: 200, 275 350, 500 Micron APET (recycled plastic) (Bespoke thickness available upon request)
- Rolls, Sheets, Cut Parts, Books
- High performance transparent adhesive
- Automated Applied Hang Tab roll available

All our Hang Tabs are produced using APET plastic. APET is a extremely highly transparent plastic, APET is more environmentally friendly than using PVC as it can be recycled easily, another key factor to our contribution to reduce carbon emissions.

If you have any questions about our Hang Tabs please contact our Sales and Technical department who will offer expert advice on our products range.

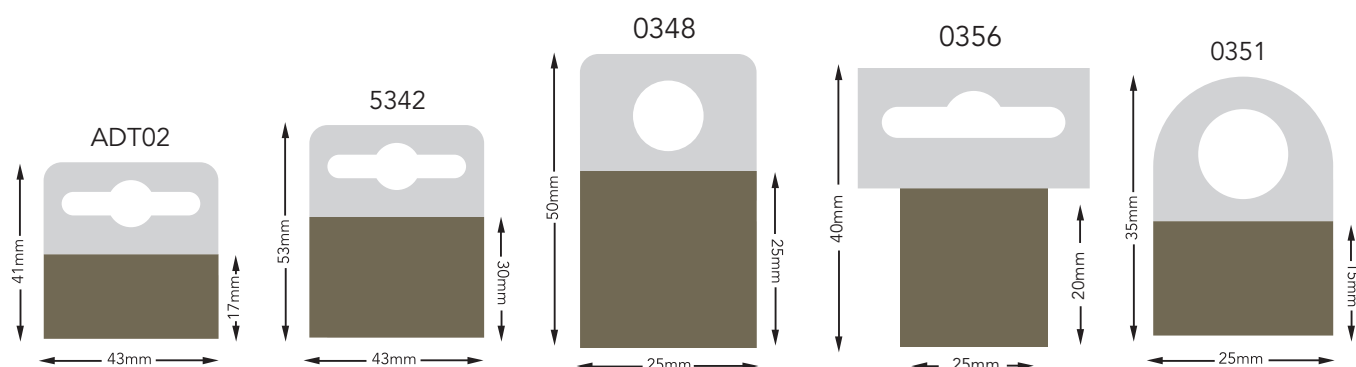

Hang Tabs

Rigid Hang Tabs

We offer an extensive range of **Rigid Hang Tabs**, from 200 Micron up to 500 Micron APET.

Our vast range of Rigid Hang Tabs consists of Hooks, Euro and Delta Slots and bespoke styles to provide you with a perfect product for your requirement, whether it may be to display, hang, reinforce or repair products instore.

Plastic Products

We strive to offer an extensive range of Plastic Products for the vast range of POS applications. Within our production facilities, mass investment in our Injection Moulding Machines has helped us develop our range of High Quality Plastic Products to ensure rapid next day delivery, all at competitive pricing.

Due to our production capabilities, if you are looking for a bespoke Plastic Product please contact us and we can create your bespoke part using our

cutting edge technology to produce 3D CAD/CAM models for your evaluation. If you are looking to colour match your Plastic Product with your application then we can also offer any RAL Colour to suit your requirement.

Each inject moulded product can be produced to order with BDP, which enhances the biodegradation when disposed of. Please speak to our sales account executives for further information on our Eco Friendly Biodegradable products"

Plastic Products

Corrugated Shelf Clip

Corrugated Shelf Clip

The two-piece **Corrugated Shelf Clip** is a product for creating shelving within corrugated boards, dump bins and FSDU "free standing display units".

The first bracket piece of the Corrugated Shelf Clip is inserted through the side wall and then the shelf wraps around the second piece and simply slides into the bracket to form an extremely strong shelf joint.

For FSDU's which require the display of heavier products we have designed our Large Corrugated Shelf Clip, which will provide you with a stronger clip when in application.

We always hold white, black & clear on the shelf for next day dispatch to the UK & Europe.

If you are looking to Colour match your Corrugated Shelf Clip with your FSDU then we can offer any RAL Colour to suit your requirement.

If you also require a bespoke clip for your FSDU, please contact our technical team and we can create your bespoke part using our cutting edge technology to produce 3D CAD/CAM models for your evaluation.

Each inject moulded product can be produced to order with BDP, which enhances the biodegradation when disposed of. Please speak to our sales account executives for further information on our Eco Friendly Biodegradable products"

Double Sided Tapes

POS Tapes has considerable expertise within double sided adhesive tape technology, as a result of our 20 years' experience of manufacturing, converting and supply.

In this time we have expanded our product range to ensure we provide an adhesive solution for all POS application requirements.

We have a vast range of performance grade adhesive systems for each specific double sided tape, all to provide the correct level of performance and cost for the many applications within the Point of Sale market worldwide.

Our Double Sided Tape Range;

- Tissue Tapes
- ATG Tapes
- Polyester Tapes
- Foam Tapes
- Pure Acrylic Tapes

Within our production facilities we have the ability to produce your double sided tape in a vast range of formats due to our production offering;

Our production facility offer;

- Laif Slitting
- Re-winding
- Slit and rewinding
- Bobbins
- Die cutting
- Shrink and automated labelling

As manufacturers we have the ability to produce bespoke adhesive tapes in unique formats, so if you can't find a product you need within our range, please contact us, as we welcome the challenge to create your specific adhesive tape.

Double Sided Tapes

Tissue Tapes

Tissue Tapes

Our best-selling double sided tapes are produced with a flexible non-woven tissue carrier coated with a range of different types of adhesives. Our double sided **Tissue Tapes** are specified for various time-critical applications as they are hand-tearable, taking away the need for scissors.

We manufacture several different adhesive grades, each one offering a solution for a range of different applications:

- 1001 - General Purpose Grade
- 1002 Finger lift - General Purpose Grade
- 1003 - High Performance Grade
- 424 - High Performance Grade
- 7001 - High Performance Grade
- 7001 Finger lift - High Performance Grade
- 7003 - Premium Grade
- Nitto 500 - Premium Grade

Double Sided Tapes

Tissue Tapes

7003

This is our premium grade high performance double sided tissue tape, which is designed specifically for difficult to adhere to applications such as plastic, board, metal and varnished board. This is used extensively in the construction of FSDU's, dump bins and various other UV varnished and matt laminated surfaces within the print finishing and display industries. Our **7003** can be used for both internal and external applications making it a must have for various demanding applications.

Nitto 500

The **Nitto 500** is a high performance double sided tissue tape providing very high levels of initial tack. It is suitable for indoor and outdoor applications and surfaces such as plastic, glass, paper and fabric to name a few. Our Nitto 500 can be used for both internal and external applications making it a must have for various demanding applications.

Double Sided Tapes

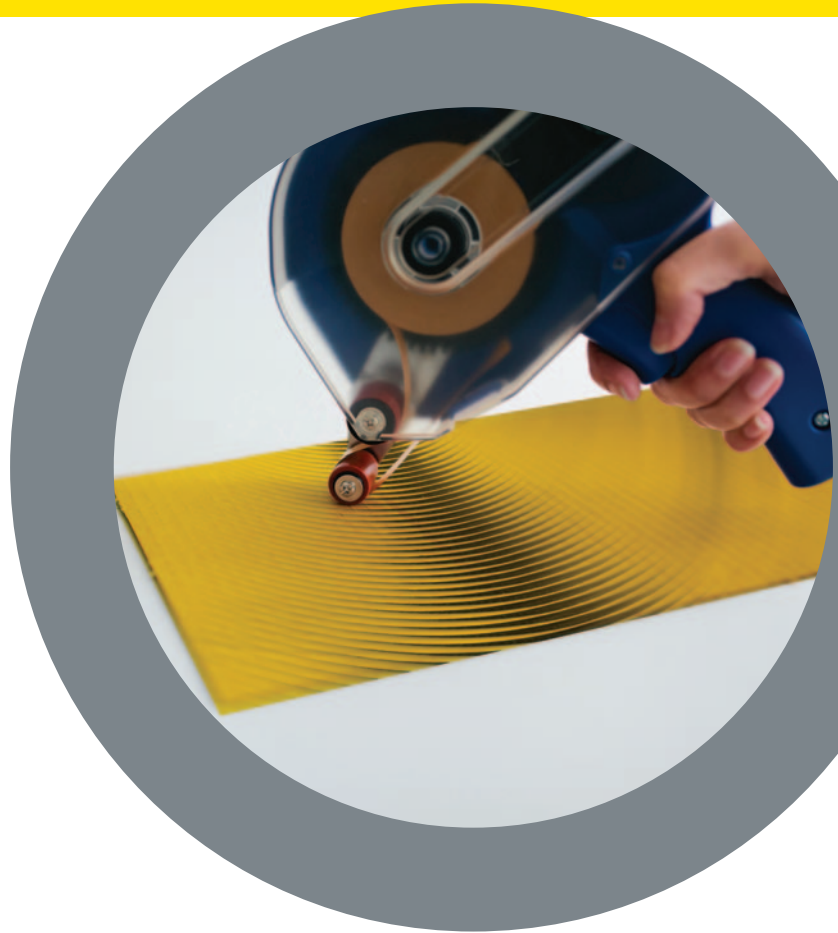

ATG Tapes & Dispensers

ATG Tapes

POS Tapes adhesive transfer tapes are a wonderful alternative to our double sided tapes. **ATG Tapes** are quicker and more accurate to use than hand applying double sided tapes.

We manufacture several different adhesive grades for our ATG Range, each one offering a solution for a range of different applications:

- 201 - General purpose
- 202 - General purpose
- 203 - Standard Grade High Performance
- 204 - Premium Grade High Performance
- 7001 - Premium Grade High Performance

Double Sided Tapes

ATG Tapes & Dispensers

201

Our **201** is a clear acrylic transfer tape with a plain white release liner, which is permanent and will bond paper to card. Indoor applications only.

202

Our **202** is a permanent reinforced scrim adhesive transfer tape. This tape is ideal for paper, card and some plastic applications. Indoor applications only.

CODE	REFERENCE	SIZE
POS201	201	12mm x 30m, 12mm x 50m, 19mm x 30m
POS202	202	12mm x 33m, 12mm x 50m, 19mm x 33m

Double Sided Tapes

ATG Tapes & Dispensers

203

Our **203** is a high tack clear solvent acrylic transfer tape, which is ideal for mounting paper, card and some plastics. Indoor applications only.

204

Our **204** is a high mass clear transfer tape reinforced with glass fibre, and can be used for both indoor and some short-term outdoor applications.

7001ATG

Our **7001** is ideal for paper, card, plastic, board fabric and many other difficult to adhere surfaces in the print and display industry such as matt finished board. Indoor applications only.

Double Sided Tapes

Polyester Tapes

Double Sided Polyester Tapes

POS Tapes offer a complete range of clear double sided polyester tapes which can be used for a range of different and demanding applications.

We manufacture several different adhesive grades for our Polyester Tapes, each one offering a solution for a range of different applications:

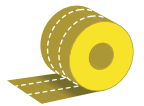

- 813 - general purpose BOPP tape with a red filmic release liner
- 428 - high performance polyester tape with a red filmic release liner
- 6001 - high performance polyester tape with a red filmic release liner
- 4965 - high performance polyester tape with a red filmic release liner
- 422 - high performance polyester tape with a red filmic release liner
- 423 - high performance polyester tape with a white paper release liner
- 6002 - high performance polyester with an amber release liner
- 814 - high performance polyester with an amber release liner
- 7005 - Perm / Peel polyester tape with a white release liner
- 6440 - Perm / Peel polyester tape with an amber release liner
- 6441 - Peel / Peel polyester tape with an amber release liner

Double Sided Tapes

Polyester Tapes

813

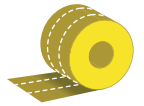

Any width available

The **813** was specifically developed for the POS market and the many applications within. This Red Liner BOPP Tape provides a high tack modified acrylic adhesive and will bond most surfaces, a great all round performance tape. For indoor use.

428

Any width available

The **428** will bond most surfaces, great all round performance tape. Our 428 is used to fix advertising panels, displays, banners (paper, cardboard, PVC, plastics, Plexiglas, etc.) even outdoor use. Permanent adhesive, high cohesion, very good ageing and plasticiser resistance.

CODE	REFERENCE	WIDTH	METERAGE PER ROLL
POS813	813	6mm, 9mm, 12mm, 15mm, 18mm, 24mm, 48mm	Standard: 50m

Foam Tapes

We offer an extensive range of Foam Tapes to suit the many demanding applications within the Point of Sale Market. We have 2 Performance grades to ensure the correct Foam Tape is specified for each application and also our 33PP Perm / Peel Foam Tape for removable POS applications.

Foam Tape Range;

- 33PP - Perm / Peel High Performance Grade
- FoamLINK Range - Ultra High Performance Grade
- 33 Range - High Performance Grade

Double Sided Foam Tapes

Foam Tapes

33PP – Perm / Peel High Performance Grade

33PP

Our **33PP** is suitable for temporary applications within the point of sale display and advertising applications, where the removal of the tape to a surface (leaving no residue) is critical. The adhesive format is Closed Side: Removable Acrylic Open Side: Clear Permanent Rubber.

CODE	REFERENCE	STANDARD WIDTH	THICKNESS	METERAGE	COLOUR
POS33PP	33PP	9mm, 12mm, 15mm, 20mm, 25mm, 35mm, 40mm, 50mm	1mm	Standard: 50m	Black, White

Double Sided Foam Tapes

Foam Tapes

FoamLINK Range - Premium Grade High Performance Foam Tape

We offer our **FoamLINK Range** as our high performance Foam Tape for the POS market and the many applications where a Foam Tape is required and performance is crucial.

Our FoamLINK Range is a double sided PE foam with a modified acrylic adhesive system, available in 1mm, 1.6mm & 3mm thicknesses in either black or white, with either an amber paper (Kraft, 90 gsm) or blue Filmic (HDPE, 140 gsm) release liner.

The extremely high initial tack combined with tremendous shear and peel qualities enable the FoamLINK to provide the ultimate bond within an application. Ideal applications and surfaces our FoamLINK Range will bond perfectly to; wood, ceramics, glass, paper, board and it is ideally suited to all plastics. When using the FoamLINK on any metals or powder coated surfaces, please refer to our Application Instruction Guide before use.

Sizes we offer on our FoamLINK Range:

- FoamLINK 1103H+ (1mm thick)
- FoamLINK 1603H+ (1.6mm thick)
- FoamLINK 3003H+ (3mm thick)

Key Characteristics:

- High initial tack.
- High shear, high peel, highly cohesive mass.
- Good affinity to many plastics and low energy surfaces.
- Good resistance to environmental factors, ideal for plastics and outdoor applications.
- Good temperature resistance.

Double Sided Foam Tapes

Foam Tapes

FoamLINK 1103H+

Double Sided Tapes

Bespoke Tapes

150HS

This is a high tack, high performance acrylic adhesive transfer tape with a reinforced scrim. It is ideal for sticking foams, metals, plastics, wood and laminated cardboards. This tape is suitable for both indoor and outdoor applications.

1901

Our 1901 is a high grab cloth tape designed to hold items in place for long periods of time but can be removed without leaving residue from most solid surfaces. This tape is a must for sign makers and engravers.

580

The 580 is our ultra-high performance double sided tape. 580 Micron thick with a high performance acrylic adhesive with a reinforced synthetic textile carrier, ideal for heavy duty applications. It is ideal for fabrics, foams, metals, plastics, wood etc. This tape is great for use in indoor and outdoor applications.

Due to this tape's high tack levels, the 580 is supplied with blue protective release liner on both sides of the roll to keep the roll edges clean and free from contamination. Remember to replace the blue protective release liner to each side after use.

Disc	Hook & Loop	Black or White	13mm, 19mm, 33m	Premium and Standard	1500, 1150, 700 pcs

Hot Melt Glue Guns & Glue Sticks

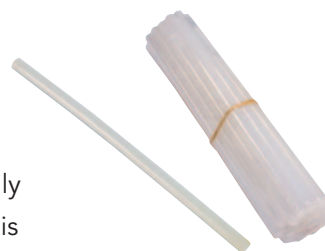

Our **Hot Melt Glue Guns** and **Glue Sticks** are ideal for quick and efficient bonding of wood, card and board. Hot Melt Glue is ideal for bonding FSDU, Dump Bin Displays and many POS applications where an effective instant bond is needed. We offer two grades, our 471 and our 470, to ensure we have a glue to suit your application.

We offer our 12mm Glue Gun which provides a robust and easy way to apply the glue in application. It is important to wait at least 10 minutes before using the adhesive and in between jobs and also ensure the gun is kept upright at all times.

Our Glue Stick Range

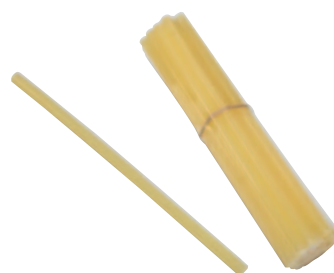

471

471 is an outstanding high performance clear hot melt adhesive, specially designed for product assembly and packaging operations. This product is flexible, has good flow characteristics and an aggressive tack. Clear in colour.

470

470 is a high performance universal adhesive for pottery, wood, plastics and difficult materials. This is our recommended adhesive for any demanding POS applications. Tan in colour.

Ordering and Delivery

You can order via telephone, email or fax. Payment can be made via credit card, debit card, cheque, bacs or cash collection. 30 day credit accounts available (subject to approval). Free delivery on orders over £150.00 to mainland UK. NO MOQ (minimum order quantity) as our products are sold as single or multiples. Next day tracked deliveries on stock lines. Worldwide shipping. Account facilities in a number of currencies available.

Privacy Policy

Any information you provide us with is treated as confidential.

Please take a moment to read our full privacy policy which can be found on our website www.postapes.co.uk.

Returns Policy

All our goods are checked before dispatch, and we hope you will find no cause for complaint.

Please take a moment to read our full returns policy which can be found on our website www.postapes.co.uk.

Customer Feedback

POS Tapes is completely dedicated to your total satisfaction. If you have any suggestions or comments please e-mail us. If you have reason to contact us about our service, then please email us at sales@postapes.co.uk

Delivery

In the UK stock items will be shipped the same working day. Our aim is to ship out of stock goods within 7 working days of order. We will notify you by email the despatch date on receipt of the order. Free carriage on orders over £150.00 in the UK. For orders below £150.00 there is a carriage charge of £15.00

For delivery outside the UK, charges are to be agreed depending on the volume of the order invoice.

VAT

For all orders dispatched to mainland UK VAT will be added.

Invoice

We can invoice in Sterling, Euros or Dollars to suit the customer.

Terms and Conditions of Sale

All sales are subject to our detailed Terms and Conditions of Sale, the current version of which is available either from our website www.postapes.co.uk, or from the address below. Please note that the Terms and Conditions may be subject to change from time to time. By placing an order to purchase any of the items listed in this catalogue you will be accepting that our Terms and Conditions of Sale apply to that order. If you do not agree to our Terms and Conditions of Sale, you should not place an order.

Please note that the terms and conditions of sale are subject to English law, and that all disputes arising in connections with any sale will be subject to the jurisdiction of the courts of England and Wales.

If you have any questions about our Terms and Conditions of Sale, or would like us to send you a copy, please contact us at:
